Like many other websites Effective Dog Training stores and retrieves information on your browser using cookies. This Cookies Policy explains what cookies are and how we use them on our website.

What are Cookies?

A cookie is a small piece of data that our website asks your browser to store on your computer or mobile device. It contains information that is not personally identifiable to you, but is used to improve your web experience. For example, a cookie can include the date and time of your visits to our website, the time spent.

Session Cookies are deleted from your computer as soon as you close your browser. Persistent Cookies remain stored on your computer until they are either deleted or expire. These are used to recognise you as a repeat visitor to a website which can adapt its content in line with your details.
